Animals

🔑	id	integer
	name	varchar(255)
	available?	boolean(255)

Species

🔑	id	integer
	animals_id	varchar(255)
	name	varchar(255)

animals_id

🔑	id	integer
	animals_id	integer
	breeds_id	integer

potential_adopters

🔑	id	integer
	name	varchar(255)
	email	varchar(255)
	phone	varchar(255)
	animals_id	varchar(255)
	approved?	boolean(255)

Breeds

🔑	id	integer
	name	varchar(255)

Click "Add Field" at the bottom of the table to add a new field. The new field will be added as the last field to the table. You can change order of the fields by dragging the small up-down icon.

Right click on the table to delete or clone the table and to change table color.

Creating Relationships

To create a relation between two tables, you need to add a "Foreign Key" to a table. When adding a new field click on "Foreign Key" and select the "Referenced Table" and "Referenced Field"
